# L-GLUTAMINE

## Nutritional Information

Serving Size: 1 Scoop 5gm | Servings Per Container: 30

Nutrients	Amount Per Serving	%RDA#
Energy	31.34(kcal)	-
Protein	g	-
Carbohydrate	g	-
Fat	0 g	-
L-Glutamine	5 g	-

\*%RDA Values calculate as per ICMR guideline Sedentary Work for men.  
\*\*% RDA Values not established.

OTHER INGREDIENTS : L-Glutamine

### RECOMMENDED USAGE:

Mix one scoop (5g) with one glass of 300ml of water. Shake well & consume during workout on training days. On non-training days, consume one scoop any time of day. Use daily for best results

Quantum's **GLUTAMINE** powder has been designed as a pure amino acid formula used primarily as a dietary supplement to fuel immune and intestinal cells and muscular growth and strength. Intensive training and strenuous workouts can cause your body to require more **GLUTAMINE** than it can produce, necessitating the use of glutamine supplements.

The role of **GLUTAMINE** in the immune system is one of its most essential activities. Immune cells, such as white blood cells and certain intestinal cells rely on it for energy.

Besides, several studies have shown **GLUTAMINE** supplements to reduce muscle soreness and increase recovery after strenuous exercise.

# FRANCHISE

We are proud to announce the launch of our own retail stores, which will provide customers with access to original and high-quality supplements that are manufactured and sourced directly from trusted suppliers. Our stores will feature a wide range of products, all carefully selected to ensure that they meet our strict quality standards.

We understand that not everyone has access to high-quality supplements, which is why we're also offering franchise opportunities to those who share our vision. By taking on a franchise store in your city, you'll be helping to ensure that your community has access to genuine products that are backed by our commitment to quality and customer satisfaction.

**We are currently located in :** Greater Noida, Delhi, Punjab, Uttarakhand, Nepal
